

**FOR IMMEDIATE RELEASE**

## **ProCARE Unveils Faster, Easier, Enhanced Data-Driven Platform to Revolutionize Provider Compensation**

**Chandler, AZ - July 27, 2024** - ProCARE, a leading provider of healthcare incentive compensation solutions, today announced the launch of its completely redesigned platform, aimed at delivering a significantly enhanced user experience and platform performance.

The New ProCARE app is faster, simpler, more flexible, and user-friendly, boasting full feature parity with the classic ProCARE and a host of innovative features.

"We are incredibly excited to introduce New ProCARE to our users," said Jack Liu, CEO of ProCARE. "This upgrade is the result of extensive research and feedback from our valued customers, and we are confident that it will revolutionize the way healthcare organizations manage their compensation."

### **Key Enhancements:**

- **Optimized Performance:** Utilizing cutting-edge technologies and cloud infrastructure for accelerated data processing
- **Intelligent Data Analytics:** Clearer insights and actionable information for informed decision-making
- **Intuitive New UI:** Modernized and user-friendly controls and features
- **Enhanced Features:** Custom tables, job scheduling, streamlined workflows and more

"The new ProCARE is not just an upgrade, it's a transformation," added Liu. "We have reimaged every aspect of the platform to empower healthcare organizations with the compensation tools they need to succeed in today's complex healthcare arena."

Designed for enterprise health systems and hospitals, ProCARE offers comprehensive software demos for comp administrators and executives to experience the superior user experience, customization and functionality that ProCARE offers.
